- Data Science & Analytics
- Biotechnology

ACTIVITIES

- International Award-Winning Competitive Dancer
- 100+ Tutoring hours in Biology, Physics, Pre-Calculus, & Calculus I

OBJECTIVE

Motivated and dynamic IT student seeking a summer internship to apply skills in software development, artificial intelligence, and cybersecurity. Excited to contribute to innovative projects, collaborate with industry experts, and make a meaningful impact to address complex industry challenges

EXPERIENCE

Generative AI and Cybersecurity Research Assistant
Rensselaer Cybersecurity Collaboratory, RPI, Troy, NY Aug 2024 – Present

- Accurately gathered and organized 90+ data points on human subjects' cybersecurity knowledge to evaluate impact of training.
- Conducted in-depth analysis of large datasets to uncover patterns and vulnerabilities in cybersecurity knowledge for students, faculty, and staff and identify actionable insights for improved security measures.
- Collaborated with a multidisciplinary team to rigorously test and evaluate the performance of AI models and RPI community's understanding and application of cybersecurity concepts.
- Co-authored impactful research papers, technical reports and presentations on findings and advancements in cybersecurity practices.

Team Member & Cashier
Playa Bowls, East Brunswick, NJ Jun 2022 – Aug 2024

- Collaborated and communicated with team members to ensure efficient workflow and positive work atmosphere.
- Trained multiple employees for safe food preparation, customer engagement and technology issue resolution.
